>Part of a series <p>Rachel. <br>My name is Rachel. I was at school. Cassie was next to me. Compered  
>to the yeerk pool I guess you could say school is heaven. Thats what <br>cassie or Jake would say. But no me. I guess I'm smart, and a dont really  
>hate school. But today was a glourios day. Bright blue sky, a few puffy <br>clouds, and a was stuck in school. The bell rang and a slipped into  
>home room with Cassie. I noticed there was a new girl. She was staring <br>bordly at the bored, by the look on her face I guessed she had an  
>attitude. She had blue jeans, a white small white t-shirt (which suited her perfectly,) <br>and her blonde hair was tied into tiny plats. She looked cool.  
> Our home room teacher came in and marked the role. I <br>discovered the new girls name was Kerry. I wondered if she was a controler.

Tobias.

>I was flying around, minding my own bussiness. In my own territory, <br>when a bald headed eagle swooped out of no where and gave me a heart  
>attack. Ahhhhhhhhhh! &gt; I cried, relax its me Rachel, we got a meeting. &gt; <br> geez, > I grumbled, I wont be able to come if you give me a duel heart  
>attack. &gt; Rachel laughed. I followed her to the barn. I landed inside, Rachel <br>demorphed. I didnt. Whats up? > I asked. "Oh nothing," said Jake,  
>"just a check up." I nodded, which for a hawk aint easy. Cassie was <br>trying to give a mole a pill. She paused and said, "did anyone see the new

>girl today. Rachel nodded, Marco perked up. "New girl?" he asked. Rachel <br>rolled her eyes. I almost bumped into a young human female today  
>in the woods, &gt; spoke up Ax. Jake looked up, "Why didnt you see, or atleast <br>hear her?" He demanded. Ax shrugged, she was very quit. > He protested.  
>Jake shook his head. "Cassie, time to come in!" Cassies mother called, <br>we said good bye and then left.

Kerry.

>Moveing sux. But like dad said, I had to leave it all behind. But <br>I still missed dylan. And I missed Cara, althoughI would never see  
>her again. A took a walk in the woods. Geez this town was boring. Then <br>again, for the first time in a long time I felt safe. I heard  
>something in the bushes. My experiance told me to be quit. I knelt in the <br>bushes and and watched as a tan blue deer thingy came into view. It was  
>like a dream.The it turned and arutibly walked of. I shook my head. The <br>doctors didnt meantion any side affects did they? I rushed off.

Ax

>The very next day Price Jake called another meeting. Cassies <br>parents where in the barn so we went to the woods. "Whats up this time?"  
>Asked Marco. Price Jake grinned and shrugged. "I just wanted to drag you <br>all up again." I looked at Rachel She was seething. Little did we know,  
>this was one very important meeting. <p>

Kerry.

>I headed back to the place where I saw the the alien thingy. I dont <br>know why. I guess since I moved here I've been craveig exitment. I was  
>almost there when I stopped. I realized how stupid this was. As if the <br>alien was going to be there again. I sat on the grass and thought. I dont  
>know how long I sat there for. But after a while I heard voices. I sat <br>absolutly still. The voices came closer. Until they were right  
>behind me. I could hear there footsteps now. I heard them come out into <br>the medow. Right behind me. They stoped talking. I turned around and  
>tried to stop from screaming. <p>

Marco.

>We entered the medow. Ax couldn hear anyone so we didnt worry. We <br>didnt even send Tobias out. We entered the medow. There was a girl  
>sitting there with her back faced to us. We frozed, mabye she was deaf, or <br>blind. No such luck. She slowly turned around. No one said  
>anything. The girl raised an eye brow, "Ummm hi." She said. If anyone was <br>listning they would have thought the girl had bumped into some friends. But  
>her face was pale and her eyes were open wide. I looked at Jake. He was <br>looking at me. So were the others. I realized they wanted me to say

>something. "Nice day for a walk." I said lamely. The girl looked  
<br>at me like I was nuts or something. "Ok then," she said, "bye."  
She stood  
>up and calmly walked off. You had to give the girl credit. Most  
people <br>would have ran screaming. "Were in trouble." Said Cassie.

Jake.

>we meet in Cassie's barn the next day. "This is bad." Said Marco.  
<br>"No duh." Cried Rachel. I sighed, "does anyone know who this girl  
is?"  
>Cassie nodded, "she's in our home room." She said jerked her head  
<br>towards Rachel. What's her name? > Asked Tobias, "Kerry," replied

>Rachel, "She doesn't have all that bad taste." She couldn't help  
adding. <br>"Marco groaned and rolled his eyes. "Get her to meet us  
here tomorrow after  
>school ok?" I asked, Rachel and Cassie nodded. <p>

Cassie.

>We found Kerry in the library at lunch. She was reading a book on  
<br>green-peace which I have read many times. "Ummm hi," said Rachel.

>Kerry turned around. "Oh hi," she said pleasantly. "I saw you  
yesterday <br>didn't I?" How could she be so calm??? "Yeah," said  
Rachel. "Look about  
>that," Rachel paused, "well ummmm, we need to talk to you about  
that." she <br>said finally. I nodded in agreement. Kerry laughed,  
"figured you would."  
>She said with total confidence. "Well ummm meet us outside after  
school <br>ok?" Rachel was nervous. I don't know why. "Yeah ok." Said  
Kerry.

Kerry.

>I was pretty nervous. What if the same thing happened like with  
<br>Cara when I hooked up with these guys. I was more nervous about  
that  
>than the fact that they hung out with aliens. But what happened with  
Cara was a <br>one off. It wouldn't happen again would it? I really  
hoped not. I saw  
>Cassie and Rachel head over. They had two guys that I didn't know  
with <br>them. Seeing the guys reminded me of Dylan. Geez I missed  
him. The group  
>reached <br>me. "Come with us." One said.

Two weeks later.

>Jake. Kerry joined. There was nothing else we could do, just hope  
that <br>she doesn't turn out like David. She got a cheetah morph, a  
golden eagle  
>morph, some bug morphs, a dolphin morph and a few others. I didn't  
quit <br>know what to make of Kerry. She was a good fighter, although  
she hadn't  
>been in many fights yet, and fast! She could outrun Ax. This  
needless to <br>say didn't please Ax much. She got on well with most  
of us. And enjoyed  
>picking at Marco, but there was something about her. We didn't know  
<br>much of her past. All we knew was she had come from New York.  
That wasn't  
>much. I guess only time would tell. <p>

The end.  
>part two comeing soon. <p>

End  
file.
